# Open Gov Hub

# IT ESSENTIALS @ THE HUB

**Private VLAN | $50/month | $250 install**
Allows for your computers to have a dedicated wired connection for a separate internal network. (Isolate your traffic and protect your wired devices from others around you).

**Static IP for Wired Devices | $150/month | $300 install**
You will have your own dedicated and static IP address which will allow you to whitelist. This also sets the foundation for higher tiers of network security packages.

**Private Wireless SSID for Network | $300/month | $450 install**
Creates your own "Org Name" wireless network that isolates your traffic and protects your devices from others around you tied to your private VLAN and Static IP.

**Reserved Bandwidth of min 100Mbps | $400/ month | $600 install**
Provides reserved bandwidth speeds of at least 100mbps for your organization. This also creates redundant ISP services to ensure internet connectivity.

**VoIP Phone Service | $45/ month | $300 install**
Setup of a cloud based phone system allowing you to have the business class phone system without the hardware and contract commitments.

**Private Server Rack Space | $150/ month per unit | $150 install**
OGH provides physical network rack space for your Server in our secure IT Room with dedicated air conditioning.

**Access to Private IT Support Support | $59/ month | $300 install | $225/ hour**
This will entitle the Organization to direct access to our IT Support partner, OceanSolutions, without having to sign a contract or agree to any minimum spending. You will have access to the full MSP of services provided.

**PLEASE NOTE: All install costs are one-time fees upon starting the service.**

*There is a 3-month minimum term for all services. Members may cancel at any time thereafter by providing 30-days written notice.*

*\*\*\* IT is complicated. Email tony.rodriguez@globalintegrity.org with any questions or concerns, and for additional information on the full MSP of services that can be provided.*
